

BRIGHTON: A WALKING TOUR OF THIS BEAUTIFUL SUNNY TOWN

THE STREETS OF BRIGHTON

The streets of Brighton are embellished with particular but significant and accurately graffiti. We like them a lot because they aren't graffiti made by vandals, but by real experts.

This graffiti represents the 70s and the development of music.

The **i360** is a beautiful experience that allows you to observe 360 ° Brighton.

BRIGHTON PALACE PIER

The Brighton Palace Pier is a special Pier because there is a funfair at the end with a rollercoaster and a lot of attractions for the whole family. It's a beautiful place to go with your friends... your family... your girlfriend...

We love this place and it's one of the most beautiful places in Brighton!

THE SEA

Brighton is near the sea, a wonderful sea, but in this city you can't swim in the sea because it's very cold and it's very windy.

This sea is perfect to go surfing, or windsurfing because the waves are very high.

THE BEST OF BRIGHTON WERE THE TEACHERS WHO
HAVE ALWAYS HELPED US.
THANKS SO MUCH.
